

MILKCRATE for Communities

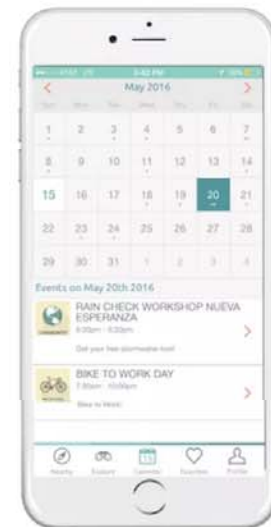

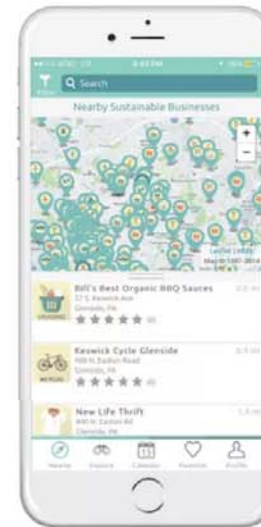

A platform that measures and grows
your social and environmental impact

Impact Made Easy

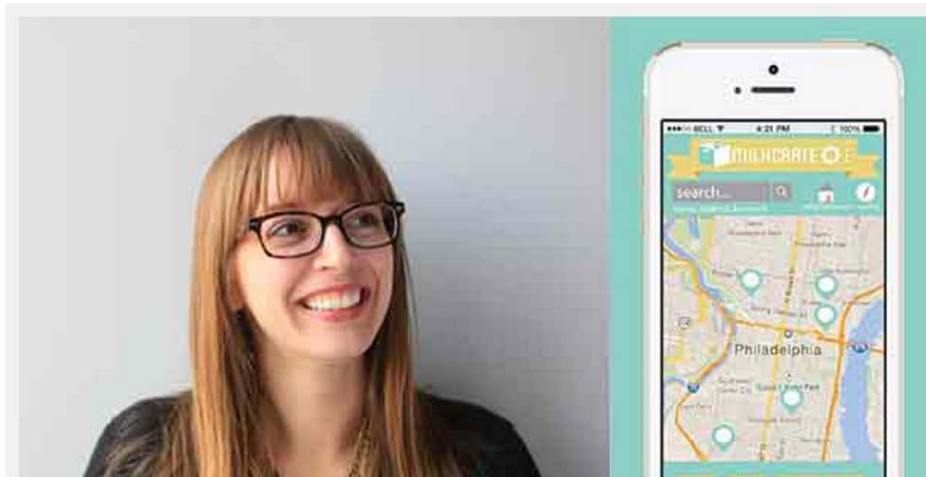

MilkCrate empowers your community to complete sustainable and socially-responsible actions, like visiting triple-bottom-line businesses and volunteering within the local community that will add up to a significant, collective impact. All actions can be customized to fit your members' needs.

MilkCrate just announced its newest client (psst, it's Comcast)

© The founder of a local education program will give a TED talk this spring

Founder Morgan Berman made the announcement at Benjamin's Desk Thursday night.

© Skyles Games is dropping its financial corruption game soon

By Tony Abraham / STAFF

We ran a pilot at the SEED
Center and it went well – 100
students participated

We will be starting a university wide pilot very soon for the students.

You will start seeing campus wide emails about this very soon

I will be back at the next Faculty meeting with more details
