

GOALS² PROGRAM

*Greater Opportunity for Academic Learning and Living Successes (GOALS²) provides services to students who self-identify as needing support to achieve their desired learning outcomes and enhance their overall educational experience at the university. GOALS² is free occupational therapy faculty and student led program that augments the supports offered through the *Office of Student Accessibility Services* and the *Academic Success Center*.*

GOALS² Program offers individualized student services:

- One-on-One & Group:
 - Problem solving
 - Trialing
 - Training
- Classroom observation
- Consultation with faculty & staff members

GOALS² Program address topics such as:

- Assistive technology
- Strategies to improve readiness to learn
- Peer interactions in the classroom & academic life
- Adaptation of the learning and living environment
- Coaching around academic life and beyond

Tech Hour

All about using technology to make learning easier! Drop-in group sessions with tech demo, trial, practice, and problem solving.
